BEZKOSTYI ANTON

PROFILE

I have over 2 years of experience building responsive, modern websites using HTML, SCSS, and JavaScript. I write clean, scalable code following the BEM methodology and create layouts using both mobile-first and desktop-first approaches. I use CSS animations and JavaScript to enhance user experience. I have experience working with REST APIs, confidently use Git, and work with Figma designs. Currently learning React and developing component-based thinking.

PORTFOLIO

[Lending page Createx-Marathon](#)
(HTML, CSS, SCSS, Js, JQuery, CSS animation)

[My site-portfolio](#)

EMPLOYMENT HISTORY

Developed a website for a client, including HTML, CSS, Java script and domain purchase and SEO setup.
